City Council Is Now Composed Of 5 Republicans

Five Republican councilmen were sworn into office at 11 o'clock Wednesday morning to take over the reins of the City of Greencastle's business for the next four years.

The new council members are Chester Grimes, Robert Poor, Robert Jackson, Robert Eppelheimer and Ernest C. Collins.

Also assuming office were Democrat Mayor Ray Fisher, who was re-elected by the voters last November; J. Frank Durham, city judge, and Clifford Frazier, clerk-treasurer, both Democrats.

The swearing in ceremony held in the council chambers was in charge of Jack Hinkle, Putnam County Clerk.

As previously announced by Mayor Fisher, other city officials re-appointed by him, are Roy Newgent, police chief; Cassell Bailey, fire chief; Clyde Miller, street commissioner; Gene Staggs, sewage plant manager, and Louie Williams, sanitation department manager.

Retiring as city councilmen were Arvel Roach, Charles McCurry, Dick Flynn, Russell Pierce and Clark Norton.

Income Taxes Hit New High

INDIANAPOLIS UPI — Indiana income tax collections, boosted by a mid-year change in the tax rate, rose to a record high in 1963.

The State Revenue Department said that collections during the year amounted to \$229 million, an increase of slightly more than \$15 million over those for 1962.

The old 1.5 per cent gross income tax was replaced July 1 by the new 2 per cent adjusted gross income tax approved by the 1963 Legislature. That tax and the 2 per cent sales tax which went into effect Oct. 24 are now the state's main revenue sources. The first 61 days of the sales tax produced some \$2.8 million with reports for December not due until later this month.

Gasoline and fuel taxes-revenue primarily dedicated to highway use—amounted to \$11 million, an increase of slightly more than \$3 million over 1962.

The only tax which showed a decrease in collections was that on real estate sales, reflecting a change in the law. Under the old law, the tax was levied on the sale price or equity and was collected at the time of the transaction. The 1963 Legislature changed the law to make it a tax on capital gains.

Fire Destroys Nursing Home

COLUMBIA, Miss. UPI — Fire destroyed the Columbia Convalescent Home here early today, trapping a number of elderly and invalid patients.

Two hours after the fire broke out seven persons were still missing and feared dead in the one-story frame building located near the heart of this south Mississippi town.

Firemen rescued 11 other persons.

First reports indicated the fire started in a floor furnace at the home.

J. W. Smith, a spokesman for a local funeral home, said 11 patients were moved to another convalescent home.

20 Years Ago

The Putnam County Commissioners appointed Ray Vaughn as road superintendent succeeding Emory Brattain. Albert Williams was appointed county attorney.

Lt. Col. and Mrs. Paul Summers were here from St. Louis, Mo., visiting Mr. and Mrs. Harry Allan.

Miss Margaret Neal was elected president of the Junior Council of Clubs.

Fires Raze Two Rural Residences

Two fires Tuesday afternoon destroyed two rural dwellings, Sheriff Kenneth Knauer reported.

The home of Mr. and Mrs. Albert Davies, on the old Big Four right-of-way west of Greencastle, was consumed by flames and all contents were lost.

Mr. and Mrs. Davis were not at home at the time of the blaze.

The home of Eva May Tipton also burned in South Washington Township.

Last rites for Mrs. Myrtle Stover Myers, 76, will be held from the Perkins Funeral Home in Roachdale at 1:30 Friday afternoon with burial in the Roachdale Cemetery.

Mrs. Myers died at her home in Roachdale Tuesday evening following an extended illness of 13 years duration.

She was born in Indiana on Sept. 16, 1887, the daughter of James D. and Emma Miller Stover.

On March 27, 1913, she was united in marriage to Ellis Myers of Roachdale.

She was a member of the Presbyterian Church, Order of the Eastern Star and Washburn Chapter of the Daughters of the American Revolution in this city.

Surviving are the husband; one son, James L. Myers, and three grandchildren, all of Roachdale.

Clerk 20 Years

Homer Sands was the retiring clerk of the town of Bainbridge Wednesday. Mr. Sands retires after 20 years as clerk.

Eccentric Sisters Will Be Moved

LONDON UPI — Two elderly sisters in nearby Hemel Hempstead fought today to stay in the unlighted, unheated chicken coop they have called home for 30 years.

"Nobody will take us from here," Miss Marcella Finnigan said defiantly as the winter wind whipped through gaping cracks in the shed's board walls.

But local officials, who called conditions in the old henhouse horrible, have applied for a removal order under national welfare laws. The sisters—Marcella, 85, and Ella, 78—are expected to be in an old peoples home within a week.

Mrs. Mary Click Is Dead At Age 81

Mrs. Mary Click, 81, died Wednesday in Culver Hospital at Crawfordsville. She had been seriously ill for two weeks.

Born in Montgomery County, she was the daughter of Nathan and Mary Grantham Hulett. She married Cecil Click, who preceded her in death.

Cars Stranded By Snow In Dixie

A paralyzing snow and ice storm swept into New England today, making highways treacherous and glazing power lines. Driving conditions were hazardous deep into the still-icy Southland.

Gale warnings were posted for parts of the Northeast coast and schools were ordered closed until Monday at Meridian, Miss. Stranded automobiles stood empty along slick roads from Tennessee through northern Alabama and Mississippi.

The storm that shocked Dixie over New Year's piled up heavy snow throughout Ohio, Pennsylvania and New York during the night. Eight inches fell in six hours at Buffalo, N.Y., six inches at Rochester, N.Y. and nine inches fell in southern Ohio.

Fidel Marks Sixth Year As Premier

MIAMI UPI — Premier Fidel Castro starts his sixth year in power today with a speech and a "gigantic" parade, probably featuring his regime's made-in-Moscow military might.

The 37-year-old premier marks each anniversary of his seizure of power in January, 1959, with a Soviet-style parade through Havana's "Revolution Square."

Castro, apparently confident he cannot be overthrown as long as he has solid Russian support, faces a possible new diplomatic challenge later this month.

A five-nation investigating committee is expected to make public the results of its probe of charges that the Castroites smuggled 3 tons of arms into Venezuela for use by Communist terrorists.

West Berliners Marking Time

BERLIN UPI — West Berlin waited uneasily today for an East German invitation to begin new talks about further traffic through the Communist wall.

Mayor Willy Brandt of West Berlin already has indicated he would accept such an invitation. But many people in this city fear that direct negotiations between the municipal government and the Communist East German regime could help isolate West Berlin from the East.

Under a current agreement covering Christmas season passes, the Communists have permitted 615,000 West Berliners to cross the anti-refugee wall to visit their relatives in East Berlin. Additional tens of thousands are expected to pour through before the agreement expires on Sunday.

The Christmas pass agreement was the first to be reached between East German and West Berlin negotiators. It went into effect 13 days ago.

Council Chairman

Dr. W. M. Clary, Superintendent of Greencastle Consolidated Schools, will serve as chairman of the Indiana State College Council of the Midwest Program of Airborne Television Instruction. Dr. Jane Grills, of Indiana State College, is coordinator of professional services. Albert Avery, Principal of Miller Elementary School, is serving as executive secretary of the council.

The Indiana State College Council is one of nineteen area councils recently organized by MPATI.

Ike Extends His Blessing To All GOP Candidates

Judging solely from the Republicans he already has blessed with some degree of his favor, there is no member of the party old or young whom former President Dwight D. Eisenhower would reject as a contestant for this year's presidential nomination.

These blessings extend now from Sen. Barry Goldwater of Arizona to Harold E. Stassen of no specific state at all. Stassen cut firm moorings in his native Minnesota and never has been able to secure himself in his adopted Pennsylvania.

Your correspondent or the reader of these paragraphs has about as much chance as Stassen to be nominated for president by the Republican party. Better, maybe!

Stassen left his political future behind him after the war when he deserted Minnesota, which thrice had elected him governor, and fled to Pennsylvania. This appeared to be a search for a broader political base in big Pennsylvania than Minnesota could offer. Nothing came of it, however, Stassen was unable to identify himself with the Pennsylvania dairy leadership.

Eisenhower's endorsement of Stassen as a potential Republican presidential nominee greatly adulterated the product. Moreover, Ike already had urged Gov. William W. Scranton to go all-out for the Republican nomination. There is nothing spurious in Scranton's claim to party consideration nor, apparently, in Ike's belief that the governor would make a good candidate.

1964 License Plates On Sale

Indiana's 1964 motor vehicles license plates went on sale today at nearly 200 license branches throughout the state and they must be in use by March 1.

Prices for the largest to smallest passenger cars range from \$12.50 to \$3.50, including the 50-cent fee for notarization.

But an owner of a small foreign car in Marion County will have to pay \$18.50 to get his license plates, instead of the \$5.50 he forked over in 1963.

NICOSIA, Cyprus UPI — British troop reinforcements arrived in Cyprus today "to protect British families and bases on the island" following a New Year's Day of violence in which five Cypriots were killed.

An artillery regiment landed by air during the night and 700 paratroopers prepared to leave England at midnight today for duty in Cyprus, where fighting has flared between Greek and Turkish Cypriots since Dec. 21.

There were unconfirmed reports in Athens that Turkey and Greece were alerting their armed forces for possible action on the island.

Diplomatic talks continued over President Makarios' announced intention of ending Cyprus' treaties with Britain, Turkey, and Greece, the three guarantors of its independence.

Three Greek Orthodox monks were killed Wednesday by men identified by survivors as Turkish Cypriots. Another Greek and a Turk were killed in an exchange of shots near the west coast town of Paphos, police said.

Informed sources in Athens said the Greek government had received reports of Turkish military movements and feared the Turks might invade Cyprus, which is less than 50 miles off Turkey's shores.

Bill In Making

WASHINGTON UPI — Six Republican senators are pushing a public-private plan of health benefits they believe will provide a basis for ending the congressional impasse over medical care for the aged.

In a statement Wednesday, the GOP senators said they would introduce legislation in the new session of Congress to make full use of private resources and initiative as well as Social Security financing.

The measure is based on recommendations of the National Commission on Health Care for the Aged formed in 1962 at the suggestion of Sen. Jacob Javits, R-N. Y.

Writes History
Of Puerto Rico

Since 1940, Puerto Rico has changed from "the poorhouse of the Caribbean" to the most prosperous island in Latin America. Edna McGuire, whose outstanding elementary school history texts are well-known in America, classrooms, traces this dramatic transition from poverty to prosperity in Puerto Rico: Bridge To Freedom (Macmillan, December 30, \$4.50. Her lively account for readers 10-14 brings alive the hardworking, fun-loving Puerto Rican people who have lifted their teeming island "up by its bootstraps" by combining their Spanish cultural heritage with American technological "know-how."

Besides giving the young reader a thorough geographical, historical and economic background of the island Commonwealth, Puerto Rico: Bridge To Freedom provides many detailed glimpses into daily life in "the land of perpetual summer." American children will note, for example, that although their Puerto Rican contemporaries enjoy many of the same sports and foods as themselves, the island children are twice-blessed at holiday time with two days of gift-giving. They will realize, too, that nearly all Puerto Rican children learn English, making the Commonwealth the most bilingual place in the Western Hemisphere. They will gain respect for the small green island that has become the world's best laboratory for training citizens from underdeveloped countries in the techniques of advancement.

Edna McGuire has traveled widely in the United States and abroad. She has studied particularly the conditions of Puerto Rico. Among the fifteen books she has written, four of them are currently being used in many elementary and junior schools throughout America: They Made America Great, The Story of American Freedom, Backgrounds of American Freedom, and Our Free Nation. Her junior high history, The Rise of Our Free Nation, was the first text book ever made into a Talking Book by the American Foundation for the Blind.

Seek To Prevent
Annual Parade

PHILADELPHIA UPI — Civil rights leaders today planned to renew efforts to prevent marchers in the 64th annual Mummers' parade from wearing blackface makeup.

The parade, scheduled to be held Wednesday despite the threat of Negro demonstrations against it, was postponed until Saturday because of a snowstorm.

The delay in the parade,

which dates back to the heyday of blackface minstrel shows, served to give both sides in the dispute time to work out a solution to their differences.

Hoffa Denies Reported Deal

ST. LOUIS UPI — The St. Louis Post-Dispatch said today Teamsters Union President James R. Hoffa had denied a Post-Dispatch story that he tried to make a deal with the federal government to drop criminal prosecutions against him.

In a Washington catinled story Monday, the Post-Dispatch said Hoffa's associates asked the government to drop

prosecutions against him in Chattanooga, Tenn., and Chicago. In return, the newspaper story said, Hoffa offered to step down from his presidency of the teamsters.

The Post-Dispatch said today Hoffa had telephoned the newspaper from Detroit and said the story has "absolutely no basis in fact." Hoffa charged the story was inspired by the Justice Department, the newspaper said.

The newspaper quoted Hoffa as saying: "I'm not quitting and have never had any intention of quit-

ting... the story is without foundation... it's a damned outrage."

In its story Monday, the Post-Dispatch said "Hoffa initiated the feelers last summer through intermediaries, one of whom, it said, was his chief lieutenant, Harold J. Gibbons, of St. Louis, a Teamsters international vice president."

Ships Collide In Mississippi

PILOT TOWN, La. UPI — The 495-foot freighter Brinton Lykes and the Norwegian ore carrier Bauta collided near the mouth of the Mississippi River and fire broke out in the freighter's cargo of cotton bales.

The Coast Guard said there were no casualties.

The 34,000-ton Bauta was not damaged. The collision punched a hole in the side of the 10,000-

ton Brinton Lykes, causing a draft that fanned the blaze among 800 bales of cotton in a hold.

The Brinton Lykes is owned by the Lykes Steamship Co. The Coast Guard said it was not known whether the collision directly caused the blaze.

Family Quarrel Fatal To Girl

SHOALS, UPI — A family argument over a radio program and a fist lashed out in anger was blamed Wednesday for the death of a teenaged Martin County girl.

Oceola Honeycutt, 19, Cale, was knocked unconscious and died, police said, when her brother, Claude, struck her on the chin with his fist. He was jailed here on a manslaughter charge.

Authorities said the girl and her mother were arguing over the radio and that Mrs. Honeycutt threw it into the yard.

Claude Honeycutt told police his sister kicked him when he tried to intervene and that he hit her.

An autopsy was scheduled for today.

CENTENNIAL SCRAPBOOK

The War for the Union 1861-65 in Pictures

With the Mississippi channels, banks and levees cleared most of the way of resistant forces, flagboat and sidewheeler traffic moved freely [!], if under Union flag or control.

No. 379 At the beginning of 1864, the Savannah Republican listed the market price of flour at \$120 a barrel, of hominy grits at \$16 a bushel, when you could find either in supply at established dealers who had to pay some attention to Confederate government attempts to curtail speculation and profiteering in commodities. The going prices in black markets were higher. The prices anywhere reflected the decline in the purchasing power of Confederate currency, as well as the diminishing supplies of foodstuffs reaching the Rebel armies and the city dwellers as a result of the U. S. naval blockade of the Atlantic coast, the capture of most of the Mississippi River by Union forces, and the systematic

closing of key railways within the Confederacy. The process of beating down the Rebel means of resistance by attrition was made more stringent steadily by detached striking forces such as referred to here previously. The Confederate Congress had sought to insure bacon and ham for the soldiers by requiring that a tax on smoked pork be paid in kind. At the end of 1863, the Congress had to modify this requirement realistically by allowing the tax to be paid in salt pork. Farmers with hogs hidden away could no longer take the time to smoke-cure slaughtered meat, to risk having smokehouses filled with bacon and hams for Yankee raiders. Same day the Confederate Congress took this action, it ended exemption from military draft given those who supplied a substitute (usually by purchase).

Holiday Toll In U. S. 229

New Year's traffic accidents claimed the lives of more than 180 persons—a new record for death on the nation's highways during the 30-hour holiday and a toll in excess of the most dire prediction by the National Safety Council.

The official holiday period started at 6 p. m. local time New

Year's Eve and ended at midnight New Year's Day. Americans continued to add their names to the tragic toll right down to the waning minutes.

A United Press International count based on late reports today showed at least 183 persons died in traffic accidents across the country. Disastrous fires helped boost the over-all casualty toll.

The breakdown:
Traffic—183
Fires—28

Miscellaneous—18

Total—229

California led the nation with 18 highway fatalities. Michigan counted 14, Wisconsin 13 and New York 11. Florida, Pennsylvania and Illinois had 9 fatalities each.

Make One Entry Work Overtime

By Alfred Sheinzold
When you cannot get to dummy often enough to take several fineses, you may have to make one entry to do the work of several. A fine example was provided in the Global Par Hands, played all over the world a few months ago.

South would like to get to dummy to lead spades and diamonds a few times. Unfortunately, the only entry to dummy is the ten of hearts. How does South make that entry do the work of two or three?

East begins by taking the king and ace of clubs. He then leads a low club, and South ruffs with a high trump, saving the three of hearts as a way of getting to dummy later.

West drops the queen of clubs on the third trick, thus making it clear that East has all the other missing high cards for his opening bid of one notrump. South knows that East holds the king-queen of spades and the king of diamonds.

POSTPONE TRUMPS
South cannot afford to draw trumps at once. After ruffing the third club declarer should lead the jack of spades.

East wins with the queen of spades and leads a fourth club. South ruffs again with a high trump and leads the three of trumps to dummy's ten. (If declarer wants to cash one or two high trumps first, there is no objection.)

Having arrived in dummy, declarer leads the ten of spades through East. If East covers, South wins and gets back to the nine of spades. If East plays a low spade, dummy holds the lead with the ten.

Either way, declarer needs no further spade plays. He can switch to a diamond, winning a finesse with the queen in his own hand. The ace of diamonds then happens too drop the king, and South is safe.

DAILY QUESTION
Partner opens with one notrump (16-18) points and next player passes. You hold: S-A J 7 H-A K Q J 3 D-A Q J C-7 5. What do you say?

Answer: Bid seven notrump. You have 22 points, and partner has at least 16. The total is at least 38 points, so that the opponents can have only a queen at most. The grand slam should be a breeze.
